

## Wireless Data Takeaway Program from Sprint

With the Wireless Data Takeaway Program from Sprint, the migration to Sprint's Nationwide CDMA network is easy – and cost-effective. To help offset some of the costs of migrating to CDMA, Sprint is offering special promotions featuring PCS Connection Cards™ and PCS Data Link™

PCS Data Link™ provides a secure, private connection between your enterprise network and the enhanced Sprint Nationwide PCS Network, allowing fast, secure access to critical business information and applications for your mobile professionals. With faster network speeds, broader coverage, security and a network strategy built on a single technology, Sprint is your best solution for wireless and wireline network growth and investment protection.

### Get Free PCS Connection Cards™ by migrating to Sprint.

Now and for a limited time only, moving to Sprint is even more cost effective. With a one-year wireless service agreement and activation on a \$60 or higher PCS Data Plan, you can:

- Choose from four Connection Cards that are free, including Sierra Wireless (AirCard 550) or apply an equivalent service credit towards the activation of a CDMA trunk mounted or embedded modem that is certified on the Sprint Network.
- For those that need static IP addresses and 128-bit end-to-end encryption, receive free client and server software licenses with a one-year maintenance agreement from NetMotion Wireless(TM) or Padcom, Inc.

Choose from several PCS Data™ service plans designed to accommodate your wireless data needs, including \$40 a month for 20MB, \$60 a month for 40MB and an unlimited data plan priced at \$80/mo. For companies that require Sprint Frame Relay service, installation fees for Frame Relay Port and PVC will be waived. Corporate or Government discounts may also apply on monthly charges.

### Your employees can get more done, faster, in more places on the most complete, all-digital wireless network in the nation.

Get all the facts on the Sprint advanced wireless network at [www.sprintpcs.com](http://www.sprintpcs.com) and click on Business.

Offer good through September 30, 2004. Contact your local Sprint representative for details.

Offer available only for government company-liable lines. The execution of a one-year wireless service agreement is required. A minimum 5 line commitment is required. Offer may not be combinable with other service credits or rebates. Depending on credit, a deposit may apply. Equipment credits require purchase and activation of PCS Connection Card by 9/30/04. Savings may not exceed the total purchase price of the card. Service credit requires activation of qualified CDMA modem by 9/30/04 and will appear within the first two invoices. PCS Connection Cards subject to availability and withdrawal without notice. Copyright ©2003 Sprint Spectrum L.P. All rights reserved.
